ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

NEW DEPOT IS OCCUPIED.

A Gay Scene At The New Passenger Station at Noon Today.

The old building which has served as the Southern's passenger depot for many years, was finally deserted this morning and the handsome, modern structure just across the street, was immediately occupied by all the Southern's office forces. The work of changing the track was done this morning in double-quick order, the crossties having been laid some time ago and as soon as the 8:10 trains departed the work of moving began. It was almost finished by 11:30 o'clock and the passenger train from Winston, which comes in at that hour, enjoys the distinction of having been the first to put off passengers at the new depot.

When number 36, the northbound fast mail, came in at 12:35, 29 minutes late, there was a large crowd at the station to see what many of them thought would be the first train to stop there. Even Superintendent O'Brien came down to view the scene, and Agent Coffin was there by a big majority.

John Graham's face was a wreath of smiles and it is said that the operators had a dance up stairs. The latter statement, however, is denied.

The new depot is the handsomest in the state, and Greensboro, as well as the Southern, is justly proud of it. When the old station is torn away and the main track straightened it will add greatly to the beauty of the new structure and its surroundings and all will be serene.

Shake.

A MISTAKEN REPORT.

Supt. O'Brien Says Mixed Trains Will Not be Put on A. & Y.

"The Southern has decided to run passenger trains from Mt. Airy via Winston, on and after July 1st. Mixed trains will be operated between Greensboro and Mt. Airy over the old C. F. & Y. V. road."

The above is taken from a Winston special to the Charlotte Observer of today. A Telegram reporter quoted the item to Superintendent O'Brien at noon and asked if it was true, inquiring especially as to the mixed trains over the Atlantic & Yadkin. Mr. O'Brien, who superintends both of the roads mentioned, said that he had heard nothing of it and that the people on the Atlantic & Yadkin need have no fear of mixed trains on that road, for such would certainly not be put on, or at least; that the authorities had not considered such a change and were not likely to do so.

It is pleasing to know that the correspondent is mistaken as mixed trains on the Atlantic & Yadkin would be distasteful not only to the people of Greensboro but also those of every town on the line.

THOS. J. BENBOW DEAD.

Honored Citizen of Oak Ridge Died Last Night.

Mr. Thomas J. Benbow, of Oak Ridge, died at his home at that place last night. Mr. Benbow had suffered for several months from general prostration, caused perhaps by his extreme old age. He was in his eighty-second year.

He was a brother of our esteemed townsman, Dr. D W. C. Benbow, and one of the most honored and highly respected citizens of the county.

The funeral services will be held at Dover tomorrow (Saturday) at 11 o'clock.

Jim Jeffries Expresses Confidence in His Ability to Whip Fitz—An Undertaker Suicides.

By Wire to THE TELEGRAM.

Kansas City, June 9—A passenger train on the Pittsburg and Gulf railway at Grand View was wrecked this morning and thirty-six passengers injured.

Cheyenne, June 9—A courier who has just come in from the trail of the Union Pacific train robbers brings a report that the robbers were still at large yesterday morning, though the posse was in close pursuit and the robbers swam Powder river.

JEFFRIES CONFIDENT.

Allenhurst, N. J., June 9—Jim Jeffries and a retinue of trainers consisting of his brother Charley, Billy Delany and Tommy Ryan left here this morning for Coney Island. The big pugil st looked to be in excellent trim and expressed confidence in his ability to beat Fitzsimmons tonight.

New York, June 9—The tip has been sent around that the big fight tonight will not be molested. Chief Devery simply issued a statement for the purpose of setting himself right with that portion of the public which is opposed to fistic encounters.

UNDERTAKER SUICIDES.

Jersey City, June 9—George Sturtenberger, an undertaker, suicided here this morning, after making every preparation, even choosing his own coffin and filling out his own death certificate He shot himself while lying in the coffin and died almost instantly. He had quarreled with his wife shortly before he took his life. He had buried many suicides and had often said that when he died it would be by his own hand.

PRESONERS ESCAPE.

New York, June 9—Four general military prisoners escaped from Governors Island last night. They sawed the window bars in their cell and reached the ground by means of rope. They left a note stating that their fellow prisoners knew nothing of their plans to escape. Their names are: Frank Harvey, Michael T. McCarthy, Frederick Simonds and Carl Decker.

INCREASING ANXIETY.

By Cable to THE TELEGRAM.

Paris, June 9—The city is quiet, but there is a growing feeling of anxiety as to the outcome of the president's visit to Longchamps Sunday. Royalist, socialist and nationalist labor leaders are buying a great many stand tickets and it is possible, even probable, that an enormous number of tickets have been retained by the police. The workmen's clubs are going in full dress. One grandedame has distributed 1,200 tickets to poor royalists.

RUPTURE OF FRIENDLY RELATIONS.

Madrid, June 9—A dispute has arisen between the queen regent and Infanta Isabella, the King's aunt, which has resulted in a serious rupture of hitherto friendly relations. Infanta anonymously sent a wreath on the occasion of Castellar's funeral but the fact leaked out and elicited expressions of popular approval. The queen regent was displeased at the act of Infanta and expressed her disapproval very plainly. As a result Infanta intends leaving the place and taking private lodgings in the city.

TELEGRAM BUREAU
HIGH POINT, N. C., June 9.

Miss Kate Spach, of Winston, is in the city visiting the Misses Tate on Manchester avenue.

Farmers from Thomasville report a disastrous hail storm in that section yesterday evening about 5 o'clock. Wheat in several places was badly damaged.

Mrs. Jno. Hill, whose native home is near Lexington, died in this city yesterday and was carried there for burial this morning.

It is necessary to health that you keep your premises clean during the hot weather An ounce of prevention is worth a pound of cure.

We regret to learn that Mr. C. H. Baker contemplates moving back to his former home at Hamilton. Reconsider, Mr. Baker, we need you.

The Randleman celebration is to be on July 4th. If the unveiling of the confederate monument here is also to be on that day, as reported, the two celebrations will somewhat conflict with each other.

Mr. Tom Glascock, a clever and popular young man of Greensboro, spent yesterday morning in the city on business. Mr. Walter Lewis, of the some place, was also a visitor yesterday with a view of locating in our midst if satisfactory arrangements can be made.

Snow Lumber Co. are shipping car loads of heavy timber from their mill at Steeds this week to be used by the Southern railroad for trestle and flat car work.

The committee has decided on Mt. Airy as the place for the union Sunday school picnic and the date for the excursion has been fixed for Thursday, June 22. Of course there was difference of opinion as to the place we should go, but the trip is for the children and we should work to please them. So let us all pull together and make it a success.

While driving along the road near Randleman yesterday morning Mr. Sam Corner's horse became frightened at the Asheboro train and backed the buggy over the embankment into the cut below striking the train which knocked it around and lifted the horse off of its feet, breaking a leg and otherwise injuring him to the extent that he had to be shot. The buggy was a total wreck. Mr. Corner escaped unhurt.

James Scroggs, who has been in school at trinity College this year, returned home yesterday to spend his vacation. This young man has won the Baxter Craven scholarship offered by this institution for two consecutive years, receiving the highest general average in his studies of any student at the college. He has just cause to be proud of such an honor which was only won by hard work. Allow us to congratulate you, Mr. Scroggs.

W. E Johns & Son have sold out their grocery establishment to Mr. York, of Central Falls, who will continue the business at the old stand. Mr. Johns, Jr. contemplates investing in a furniture factory.

J. A. Clinard will build a two-story dwelling on his lot on the corner of Thurston and South Main streets to take the place of the cottage erected thereon. Dr. Reitzel and family will occupy the house when completed.

Healing the Sightless.

In court yesterday Jane Black, who spat fire in Squire Pritchett's court Wednesday morning, was fined $25 and costs for selling liquor on last Sunday. She could not or would not pay the fine, and was sent back to jail.

The number of cases for retailing has been unusually large at this term of court, we believe. Greensboro's sympathetic policemen have restored sight to many a blind tiger lately and the work of healing the visionary orbs of the wild beasts still go s on.

Attention!

The regular meeting of the fire department will be held in Firemen's hall on Tuesday night 13th inst., at 8:15 o'clock. Every member is urged to be present. All committees will please have their reports ready.

By order of
E. L. Clarke, Secretary. J. Henry Phipps, Chief.

CROWD NOT LARGE ENOUGH.

WHY THE ATTENDANCE WAS SLIM

At the Glen Echo Encampment, Daughters of the Confederacy—Other Washington City News.

Special to the TELEGRAM.

Washington, June 9—Maryland day was observed at the Glen Echo encampment, Daughters of the Confederacy yesterday. Although the weather was excessively warm, going up to nearly 100, the attendance was very fair, being somewhat larger than on the previous day of the reunion. The program arranged for yesterday was on a more general scale than on the preceding day, and the fact that President McKinley, General Wheeler and General Corbin were advertised to be present accounts for the somewhat larger attendance. Those who went, however, were disappointed, for in the opinion of the managers the number of people present did not warrant President McKinley in going out to Glen Echo, and he was so notified. So far as could be learned neither General Wheeler, nor General Corbin went out to the encampment. Many of the southern contingent refused to take part in the encampment at Glen Echo, as they did not regard it as a true confederate gathering, and this in a large degree accounts for the slim attendance on Wednesday and yesterday. Several of the Maryland officials residing in Washington who were to take part in the program of Maryland day, however, went over to Glen Echo, and did their best to make the reunion a success.

Glen Echo where the encampment of the Daughters of the Confederacy was held for two days this week, is one of the most beautiful suburbs of Washington. It is an ideal spot, overlooking the rocks and rills of the upper Potomac. It was originally intended as a spot for a summer Chautauqua. A large assembly amphitheater, and other buildings were erected, but the project was finally abandoned. The spot is now used for picnics, entertainments, and as a resort for the people of the capital city.

Virginia democrats in Washington greatly regret the death of Col. John Bell Bigger, clerk of the house of delegates, Col. Bigger has held the position of clerk for the past thirty years, and was highly regarded by all who came in contact with him. He was a frequent visitor to Washington, and it is said enjoyed as wide acquaintance among public men from Virginia as any one man in the state. It is said that Mr. Thomas Bigger, a son of the Colonel, will succeed his father as clerk of the house of delegates.

It is expected that several Virginia democrats from this city will go to Richmond today for the purpose of being present at the funeral services which take place this afternoon from Monumental Episcopal church of Richmond.

It is said that a number of prominent North Carolina republicans will support the constitutional amendment to be voted upon restricting suffrage. The opinion of democrats coming to this city from North Carolina is that the amendment will carry by at least thirty-five thousand, and that it may exceed fifty thousand. In addition to polling the solid vote of the democracy, it will poll the practically solid vote of the populists, and also of a large contingent of the republican party in the state. Senator Pritchard is said to be using his utmost influence to prevent republicans from voting for the amendment, but that he is not meeting with very great success, and that the prospects are that among the rank and file of the white republican voters, a very large contingent will go for the passage of the amendment. Senator Butler has not made any positive announcement, but it is known that he is for restricting the suffrage in this state.

The republican executive committee of Virginia will assemble in Washington next week, and it is understood that an effort will be made to determine upon the division of census supervisors between the democrats and republicans of the state.

Special service in North Carolina has been discontinued at Guy, Cherokee county, srom Sweetgum, Georgia, from June 10th, 1899.

David Long has been commissioned postmaster at Midway, N. C.

Mr. W. E. Dalton and wife, of Winston, N. C., are at the St. James Hotel for a few days.

Among other North Carolina people in Washington are Messrs. L. B. Price and Harry S. Kingin, of Greenville.

A CLASS PARTY.

Mrs. D. T. Hayden Entertains the Members of Her S. S. Class.

Mrs. D. T. Hayden, teacher of class No. 14, composed of girls, in Centenary Sunday school, gave a delightful party to the members of her class and their escorts at her home on North Davie street last evening. About thirty people were present and Mrs. Hayden being an apt hostess, each one spent the evening most pleasantly. Games of all kinds were indulged in, after which delicious refreshments consisting of salads, creams, cakes, etc., were served. It was a merry occasion and the young people were loath to depart even when the cruel hands, which make the trip around the dial so swiftly in pleasant hours, were nearing the figure twelve.

Proposition as to Ice.

Editor Telegram:—After reading the communication in Wednesday's paper signed Citizen in regard to the manner in which the public is treated about the ice business, and knowing a good bnsiness can be done in this city if the accommodation is satisfactory, I have this offer to make to any good reliable person who would like to engage and take charge of a factory at this place: I will furnish the building and site, water, and all the delivery wagons and their outfits, for the business to not cost less than $3,000.00 for my part in the factory. Any one interested will do well to correspond with me at once. Respectfully,

THE BOND ISSUE.

Is there a city in the country that is a city in fact as well as in name that is not heavily bonded? To be sure, the fact that a city issues a large amount of bonds does not make it a city; but it is the possibilities accruing from a judicious and proper expenditure of the money thus secured that makes the city and attracts people to it. We have here a goodly city and one of which we are proud. We have here a city about which people are talking far and wide. It has grown out of and entirely away from its former self. The conditions which were alright for a village of three an four thousand population will not do for a city or town of thirteen or fourteen thousand. There must be a waking up and a shaking up if we would have the city continue to grow.

It is, perhaps, alr'ght to pile up dirt and call it a street where a few drayloads of stuff roll over it two or three times a week and where the farmers know nothing better and care for nothing better than mud canals for roads; but when the busine-s of lumber mills, factories and wholesale houses has grown to require constant and heavy drayingand when the people arewaking up to the value of good roads the city must keep pace and build good solid streets. This will require money; and the money for this purpose can only be securedthrough a bond issue.

The city ownership of the waterworks is recognized as an important move and a move in the right direction. It is a matter that cannot much longer be postponed. There are settlements in the suburbs of Greensboro totally without water and in the unsettled condition of things the water company will not lay the necessary pipes to furnish it. There are places where men are spending money in the erection of dwellings and there is not sufficient hose in the city to reach from the nearest water plug to the buildings in case of fire. There is a demand and a clamor for better service and better service should be furnished.

There is a demand for a decent and modern market house and auditorium The city has reached the point where these things are an absolute necessity. Many people will abuse the Southern Railway, but the Southern Railway is doing more for the city in the way of handsome improvements than the city is doing for itself. Look at the new passenger depot, the finest and best equipped anywhere on the entire Southern extension of the road. It cost money, but it was good business to build it fine and handsome. It speaks well for the confidence the officials of the road have in the future of the city.

There has developed some opposition to the bond issue, because, it is alleged, the money is not apportioned as it should be. Perhaps not; but who has offered or suggested a better apportionment? That is a very small point of objection when you consider the fact that another election can reapportion the money to meet the demands and conditions of things as they appear. As we understand it, the board of aldermen do not intend to spend the various amounts as quick as possible after the bonds are sold; but only as the money is needed and it appears it can be wisely spent. The most important items, should, of course, be considered first.

The time is ripe now to talk and work and register and get ready to vote for the bond issue.

How is the tocacco market of Greensboro progressing? Is there sufficient interest being manifested in this important branch of industry by our progressive-minded citizens, or is it being left to drag itself along as best it can? There are live and hustling markets all around us, and the newspapers in other towns are full of advertisements, offering inducements to farmers for the handling of their products. We proudly say that Greensboro is the best town in the state. If we content ourselves in this belief and sit back in the shade with folded arms, inviting others to come and look at us, we will present only a sorry spectacle. United and energetic action must be had. Naturally, Greensboro has many advantages and she has made rapid progress, but it has been more the determined efforts of public-spirited individuals, than united action. There must be a great coming together of the people, and no time is better than the present.

We most heartily endorse Mr. J. Van Lindley's proposition to make a good roads congress a feature of Greensboro's gala week and industrial exhibit in August. We hope the committee will add this to the list of attractions—and it should attract. This paper has before and oftentimes stated that there is no one thing that will redound more to the material welfare of the city and county than good roads, properly graded and macadamized. The people are waking up slowly, too slowly, to this important movement, but now and then one cracks his eye and immediatsly a new friend of the movement is made. Let every good roads advocate talk to his neigbor about it. Once the people become interested results are certain.

There is too much idle real estate. Its owners should remember that taxes on it must be paid and it won't pay to keep it idle. If property was listed was listed for taxation at two-thirds the selling value placed on it by its owners some of them would lower the selling price and it would pass into the hands of people who would improve it.

A burning question—are we going to try to develop this city on a large scale, a wide guage, or shall it remain small and narrow, just large enough to barely make a living with small salaries and cheap rents? Shall we be content to let it remain a harbor of refuge for all who are devoid of energy, industry and ambition?

THAD JONES' DOG.

Interesting Letter on Various Subjects From Trojan.

Correspondence Telegram.

Jonesboro, June 8 -There is a good old colored individual in this town by the name of Thad Jones, a preacher and an honest man and he owns a dog The writer has been worried with depredations on his young Plymouth Rock chickens by certain cats in the neighborhood so he determined to defend his chickens. To this end, after notifying the neighbors, he put out one night last week enough strychnine, in broken doses, to kill six cats. The next morning the colored girl said that we forget one cat and Uncle Thad's dog. The latter statement pained me very much for I was on the best of terms with Thad and had known him for a number of years And the death of the dog I feared would be an interruption of our long friendship. Late in the day became by and in answer to a question, said, that on the evening before, near twilight, his dog came home, took a drink of water and then died. He carried him to the back part of the garden, dug a grave and buried the faithful canine between two rows of corn. He was much hurt, Thad. I told him that there was no malicious design on my part, and that, if he could find another dog, I would help him to buy, provided, the price was not too high. And then called his attention to the fact, that there were many good dogs left; and that this should be a modicum of consolation in the hour of his distress. But Thad replied, that his dog was a mighty smart dog and seldom went away from home. This statement however was not in accordance with the facts in the case. But will let that point pass and go on to the sequel. Thad left me sad and lonely looking. But the next morning, bright and early, while the bluebirds were singing in the garden and the dew drops still lingered on the sweet potato vine, Thad stopped in and told my wife that when he opened the door that morning there stood his dog, on the step, wagging his tail as vigorously as any live dog. Thad said it made him feel a little queer for he was certain he had seen him die, and equally so, that he had buried him. But I called his attention to the idea that there was no telling what a smart dog, one that never left home at night, would do, even if dead. Anyway it is a strange case and has caused no little comment in this immediate neighborhood.

Dr. Briggs will be a back number in due season if he faints not. But for some time time to come he may be counted on to furnish material for papers that are anxious to maintain the infallibility of the Bible. Or rather say that they have anxiety in that direction. Some people seem to think that Briggs, McGiffert, Cadman and others, who believe with them, are the allies of satan. He has many in these days. If the books of Jonah, Job and Daniel, with other parts of the Bible, are not inspired, therefore not to be depended on, how long will it be before the gospels are assailed? The spiritualists say the atonement of Jesus Christ is the work of priest-craft and Jesus never said what is recorded in the gospel of John. Jesus said: "Beware of the leaven of the pharisees." It need be said today, "beware of the leaven of the Higher Critics." It is surely working and the churches of America and England are full of it, and eventually will be permeated more and more by it. A prominent Baptist minister has recently remarked that the time would come when the converts to Christianity in Asia Minor would come as missionaries to this country and Europe, to bring back the people to the doctrine of of true religion. It is indeed surprising how eager the church appears to be to take hold of a big man when he comes filled with his higher criticism. The Bible is not a very old book when you come to trace its history, and if it continues to be cut for the next 50 years as for the past 25, how much of it will be left! A correspondent in one of our papers recently said that men of the Briggs type were God-sent and in time would give us a better Bible than we have. That the present one is entirely too crude for the generations that daily grow more intelligent and that are able to detect the many errors. Yet, we are told that we must not say the church is not pure and holy.

Dr. Kilgo, who is a most interesting speaker, so I learn from those who hear him and the press accounts of his speeches and sermons, said, at Durham Sunday night. "A great deal is being said about calls to the ministry. I believe any one who has a call gets it before he is ten years of age. But calls are not confined to the ministry alone—men are called to every work!" Now I am glad the doctor has said that, for I have been wanting to say it myself, but knew it would hardly be noticed. Since however it has been said, by a man who stands at the head of one of our leading colleges, and who is in the habit of saying what he thinks, it comes in handy for me to say, "second the motion." However, this idea is not in harmony with the generally accepted belief. It has been the idea that a call to the ministry was altogether by a different process than a call to any other honorable work. A man is called to the law, literature, medicine, merchandise and to every vocation and profession. If he is called to the law, and sticks, he will win success. So with every calling. But he will never be a success in any of them without brains and mental training, no matter how much religion he has. Some folks have more religion—they call it that—than sense. One of the most religious men I ever knew has failed in every thing he has undertaken, and is now winding up as a school teacher to the damage of the community in which he tries to teach. Yet, he believes he is called to that work. A man called to teach will be a teacher and have the ability to do his work. So with a preacher, he will be able to preach.

The letter of Gen. A. D. Cowles written to his friend Dr. Solomon Angle, and appearing in the Charlotte Observer of this date is, of course, interesting, readable and able. This correspondent after reading the same carefully, comes to the conclusion that it is a plea for purification in the republican party. And that means the elimination of the odor which has clung to it in this state for many years. And when this odor has been elimated by the people endorsing the amendment, then the party of protection, sound money and expansion, as the general calls it, will be ready with its head up and eyest to the front, to receive into its ranks, "thousands of old whigs", who for some time have trained with the democrats, and who, long since, would have affiliated with the republican party had it not been "for the company they are invited to keep." We all know that the doctrine of sound money, as construed by the republican party, protection and expansion, is not the doctrine of present day democracy. And if the amendment is made a part of the constitution, and this makes republicanism clean as a whistle, what is to become of democracy? Will it shut up shop in North Carolina and go out of business? It has appeared to me from the beginning that if this thing goes, and is not declared unconstitutional, that it will be the making of the republican party in the state. That is, it will have a better chance. But the question is, will the courts construe it constitutional? Major Guthrie in his excellent article some time ago declared it constitutional; but as to what the courts would do with it, he gave no opinion, and there is the rub. I can see nothing of special encouragement to the democratic party as now platformed in the very able letter of General Cowles, which will be read by many and be the source of much thought I do not mean, however, that it is not a straw showing which way the wind blows. Trojan.

Sprockett—"Is that new wheel of yours a drop frame?" Novice—"Yes; the blamed thing drops me every time I try to get on it."

The hearty looking man who thumps his chest and says he's sound as a dollar, does not take into consideration the catarrh which bothers him occasionally.

"Oh! everybody has more or less catarrh. That's nothing," he says, But he is mistaken. What begins in catarrh may end in consumption. It is a foul disease at its best and a fatal disease at its worst when it involves the lung tissues. For catarrh and for diseases of the throat and lungs in general the standard medicine is Dr. Pierce's Golden Medical Discovery. It is recommended by physicians who have tested its efficacy and wondered at its cures. It not only destroys the disease, but it purifies the blood and strengthens the stomach and organs of digestion and nutrition.

"For twelve years I was a sufferer from catarrh and was treated by one of the best physicians in the state of North Carolina, who said the trouble had reached my lungs," writes Mr. J. M. Patton, of Clotho, Transylvania Co., N. C. "I grew worse every day until I tried Dr. Pierce's medicines. Will say, one bottle of Dr. Pierce's Golden Medical Discovery with Dr. Sage's Catarrh Remedy cured me and to-day I am well and hearty and I will say further that my former physician, Dr. W. M. Lyday, recommends Dr. Pierce's medicine to me and to others. I am sure your medicines will cure any case of catarrh that exists. I recommend them to all."

NEVER TOO OLD TO BE CURED.

S. S. S. Is a Great Blessing to Old People. It Gives Them New Blood and Life.

Age does not necessarily mean feebleness and ill health, and nearly all of the sickness among older people can be avoided. Most elderly people are very susceptible to illness, but it is wholly unnecessary. By keeping their blood pure they can fortify themselves so as to escape three-fourths of the ailments from which they suffer so generally. S. S. S. is the remedy which will keep their systems young, by purifying the blood, thoroughly removing all waste accumulations, and imparting new strength and life to the whole body. It increases the appetite, builds up the energies, and sends new life-giving blood throughout the entire system

Mrs. Sarah Pike, 477 Broadway, South Boston, writes: "I am seventy years old, and had not enjoyed good health for twenty years. I was sick in different ways, and in addition, had Eczema terribly on one of my legs. The doctor said that on account of my age, I would never be well again. I took a dozen bottles of S. S. S. and it cured me completely, and I am happy to say that I feel as well as I ever did in my life."

Mr. J. W. Loving, of Colquitt, Ga., says: "For eighteen years I suffered tortures from a fiery eruption on my skin. I tried almost every known remedy, but they failed one by one, and I was told that my age, which is sixty six, was against me, and that I could never hope to be well again. I finally took S. S. S., and it cleansed my blood thoroughly, and now I am in perfect health."

S. S. S. FOR THE BLOOD

is the only remedy which can build up and strengthen old people, because it is the only one which is guaranteed free from potash, mercury, arsenic and other damaging minerals. It is made from roots and herbs, and has no chemicals whatever in it. S S S. cures the worst cases of Scrofula, Cancer, Eczema, Rheumatism, Tetter, Open Sores. Chronic Ulcers, Boils, or any other disease of the blood.

Books on these diseases will be sent free by Swift Specific Co., Atlanta. Ga.

A Cure for Blood and Skin Diseases, Eczema, Pimples, Scrofula, Blood Poison, Cancer, etc.

If you have tried sarsaparillas, patent medicines, and doctored, and still have old, persistent sores, pimples, distressing eruptions of the skin, painful sores on hands, arms or legs, itching sensation, irritating skin troubles, eczema, scrofula, ulcers, contagious blood poison, fever sores, mercurial rheumatism, catarrh, boils, face covered with little sores, cancer or any blood taint, then give B. B. B. a trial, because B. B. B.—Botanic Blood Balm—is made for just such cases, and it cures to stay cured, those stubborn blood diseases that other milder medicines fail even to benefit. To remove all doubt of its power to cure we offer to send to any sufferer a sample bottle of B. B. B absolutely free. B. B. B. is an old, well tried remedy, because we know that it cures to stay cured, for the people cured by B. B. B. years ago are well today and free from all blood impurities.

What is Kodol Dyspepsia Cure? It is the newly discovered remedy, the most effective preparation ever devised for aiding the digestion and assimilation of food, and restoring the deranged digestive organs to a natural condition. It is a discovery surpassing anything yet known to the medical profession. Howard Gardner.

The Connecticut state senate defeated a bill providing for half-fare for school children on all trolley roads in the state.

The Best Remedy for Flux.

"In July of last year I was taken with a severe attack of flux," says Mr. Joe Baker, of Allentown, Tenn. "I procured a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and used about half of it and it effected a complete cure. This is the best remedy for bowel trouble on the market. C. E. Holton, druggist.

One way to draw a bead on a fellow is to ask him: "Is it hot enough for you?" This starts the perspiration afresh.

Yellow Jaundice Cured

Suffering humanity should be supplied with ezery means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

It doesn't comfort some people to know that scientists claim the sun won't grow cold for something like a million years more.

W. M. Gallagher, of Bryan, Pa., says: "For forty years I have tried various cough medicines. One Minute Cough Cure is best of all." It relieves instantly and cures all throat and lung troubles, coughs, colds, croup, whooping-cough, la grippe and pneumonia. Howard Gardner.

Hoax—"Here's a professor who claims it has recently been demonstrated that the human voice can utter 296 words a minute." Joax—"That's strange." "Strange? Don't you believe it?" "Oh, yes; but I didn't notice any one but myself within earshot of my wife when I came home late last night."

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

One of the most popular drinks now dispensed at soda fountains is the new drink—Porto—gotten up by Jones and Porter at Howard Gardner's drug store. A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.
